Is a medical exam required?

You must complete our short-form application. This form includes only a few medical questions and asks for your height and weight. If we find no further medical information is needed upon review of your application, then you're done! It's as easy as that / It's a simplified way to apply for life insurance coverage. If you can answer no to a few medical questions, that application could be all that is needed.¹⁴

Will this plan pay in addition to other coverage?

Yes. This plan pays in addition to any other insurance coverage you have. The plan also stays with you until your coverage ends.

What are my options when my 10-year term comes to an end?

Depending on your age and health, you may qualify to apply for another 10-year or 20-year level term at the current rate for your age at the time of enrollment. If not, you will be automatically enrolled in annual renewable term life insurance from Metropolitan Life Insurance Company. Your benefit amount will remain the same, but the cost of insurance will change and increase annually. Please see the certificate of insurance for details.

How long can my coverage continue?

Your coverage can continue as long as you have not reached the end of a 10-year period, you pay your premium when due, remain a member, have not reached age 75, remain in an eligible class, the insurance continues for your class, the participating association continues to participate in the trust and the policy remains in force.

Would I have the ability to continue coverage, should my plan end?

Yes, in many instances. If your insurance ends for a reason other than non-payment of your premiums, you may be able to convert your coverage into an individual life insurance policy from Metropolitan Life Insurance Company without providing evidence of insurability. Please see the certificate of insurance for details, including eligibility for conversion and amount of coverage that may be converted.

How do I pay for my coverage?

- infection, other than infection occurring in an external accidental wound or from food poisoning;
- suicide or attempted suicide;
- intentionally self-inflicted injury;

For purposes of this provision reserve forces are defined as reserve forces of any branch of the military of the United States or of any other country or international authority, including but not limited to the National Guard of the United States or the national guard of any other country;
- any incident related to:
 - travel in an aircraft as a pilot, crew member, flight student or while acting in any capacity other than as a passenger;
